

Schedule of Events

Session 1— Imagination and inspiration will shine during this week of arts and design. Schoolagers should prepare to get messy because they'll explore all different types of art mediums including fine arts, drama, dance and construction.

Session 2— Schoolagers will test their patience and precision skills by working with woodworking tools while creating their own birdhouse, pencil box and key rack. They will learn to respect tools and learn how to accurately position themselves to safely utilize these devices.

Session 3— Children will use science, technology, engineering and math to explore how and why things work the way they do. They will have an opportunity to create a Rube Goldberg machine, and learn about present-day and historic technologies with a focus on communication technology

Session 4— Filled with all things GROSS, children will learn how the human body works, and be exposed to all things, slimy, drippy, stinky and weird. As far as we're concerned, the "grosser" the better!

Session 5— Join us at the Finish line of our X-treme summer program. This week, Schoolagers will participate in amazing adventures and races that will challenge what they have and learned during the summer.

School Age X-Treme Summer August 2015

	Mon	Tue	Wed	Thu	Fri
Session 1 Urban Designer	3 Pony Bead Designs Craft Stick Collage Mosaic Artwork	4 Duck Tape Creations Tape Resist Art	5 Rainbow Loom Bracelets	6 Leo Designs Bottle Cap Art 3D Flower Art	7 Self Portrait Doodle Bookmarks Doodle Names
