

Preschool Summer Adventures August 2014

Schedule of Events

Session 1—Camping

Explore the elements of nature! Observe the science of weather – its actions, consequences, and how it impacts our lifestyles! Join us on our imaginative camping journey as we “brave the great outdoors” through Dramatic Play.

Session 2— Nature Explorations

Discover Nature with hands-on learning opportunities! Open children’s eyes to the world outside through gardening, nature walks, and up-close examinations of plants and insects.

Session 3—Wet N’ Wild

Are you feeling wild? Join us in a celebration of all things wet! Learn about the element of water while participating in a variety of games and activities.

Session 4-Construction and Building

All hands on deck! Use a wide variety of materials and find out how things work together. Work on building large and small creations as activities progress throughout the week.

	Mon	Tue	Wed	Thu	Fri
