

Summer Adventures

School Age Program – Kindergarten to 13 years

| | Adventure Topic | Topic Description |
|--------|------------------------------|--|
| June | 12-16 Art | Imagination and inspiration will shine during this week of art and design. Join us as we explore what makes an artist an artist? Campers should prepare to get messy as they will explore all different types of art mediums and techniques including fine arts, drama, dance and construction. |
| | 19-23 Professional Sports | During these camp sessions, we will explore games that are played as professional sports, games of the mind and strategy, and active games! The skills and experiences like learning to cooperate, work as a team, challenge yourself, face defeat, and try your hardest apply to both campers and adults and will help shape the campers for the rest of their lives. |
| | 26-30 The Oceans | With only 5% of the oceans explored, the Earth is full of mysteries and uncharted territories. Join us for an exciting camp session that is full of discovering, investigation, and exploration as we dive to the depths of the ocean. Join us for a truly "uncharted" adventure! |
| July | 3-7 Local Pride | Discover and celebrate Local Pride: Minnesota! Help us research everything that makes Minnesota unique and wonderful. |
| | 10-14 Robotics | Use 21 st century skills to build "out of this world" structures, make robots and even flying objects. STEM will engage campers' minds and allow them to see their creativity develop. |
| | 17-21 Games of the Mind | Whether you are working together as team or playing a board game by yourself, you will be challenged to create your own board game, take part in a game show and learn new games to share with friends and family. |
| | 24-28 Architecture | The exciting world of STEM is all around us. Campers will participate in challenges that will require them to research, design, create, test, and develop solutions for real world experiences |
| August | 31-4 Africa | Has your child ever wanted to Explore the vast deserts or dense jungles of Africa? This summer your camper can join us as we travel the world using imagination and creativity. Campers will virtually experience extreme places, extreme temperatures and extreme cultures and discover all that our world has to offer as they join us on this journey. |
| | 7-11 Farms & Gardens | Summer is a time when we can look in our own backyards and see what is growing. We will take a look at what grows locally and in other parts of the world. |
| | 14-18 South America | Has your child ever wanted to travel the tropical rainforest of South America? This summer your camper can join us as we travel the world using imagination and creativity. Campers will virtually experience extreme places, extreme temperatures and extreme cultures and discover all that our world has to offer as they join us on this journey. |
| | 21-25 Zoology | This topic area focuses on the behavior, physiology and classification of animals. Put yourself in the shoes of a zoo keeper, design your own zoo, and maybe meet a new animal friend along the way! |
| | 28-1 Myth Busters | These sessions of camp are for all who enjoy great stories and the art of storytelling. Campers will look into some of the world's most famous myths, folktales and legends. Joins us as we unlock some ancient secrets and explore the world of magic – from Hercules and Fairies to Bigfoot. We will explore the myths and legends of yesterday and today. |
