

# Robotics Week

## July 10-14, 2017

### Back-Up Care You Can Count On

Your *Back-Up Care Advantage Program*® includes access to a top-quality **Bright Horizons**® center near you. The Back-Up Care Advantage name means it's reliable care you can trust. A staff of trained teachers who understand what it's like for children to be in a new place – who know how to help them feel instantly at home – means it's care you can feel great about.

Bright Horizons back-up centers provide comprehensive child care services for infants through school-age children on those days when regular care arrangements fall through. Access to a back-up center is based on your employer-specific program.

**Bright Horizons @ UTC**  
9255 Towne Centre Drive  
Suite 150  
San Diego, CA 92121  
858-458-0042

Spark your child's imagination and excitement for STEM! Robotics Week blends technology learning with fun activities. Children will tinker, build, code, invent, and experiment. We'll dabble in game design, explore the world of Minecraft, learn about programming, and more! Children will enjoy hands-on learning activities while developing new skills, making friends, and having fun!

#### Activities Include:

- Robot making
- Binary code crafts
- Rocket building and launching
- BristleBot battles
- ...and more!

#### Register Today!

Space is limited so reserve your spot today.  
Please RSVP to 858-458-0042 or [utc@brighthorizons.com](mailto:utc@brighthorizons.com)  
We look forward to seeing you soon!
