

# The Children's Place at 60 State Street

## Walk and Playground Guidelines

### Walk and Playground Details

We have three walk locations;

- ▶ The playground at the Christopher Columbus Waterfront Park
- ▶ The seal tank in front of the New England Aquarium
- ▶ The North End Park

### Walk and Playground Policy

- ▶ Parents must sign for outdoor permission on the Informed Consent form in order for children to participate in outdoor activities
- ▶ At each visit parents should indicate daily permission to go outdoors by circling "yes" next to "outdoor permission" on the Parent Day Sheet. Teachers will inform parents of the day's walk destination
- ▶ Infant and Toddler children (6 weeks – 2.8 years) will ride in a buggy or child carrier during walks and may come out of the buggy at the North End Park location

### Health and Safety

- ▶ All children wear purple pinnies and a purple bracelet with center contact information while out on a walk
- ▶ We will only cross the street at a designated crossing
- ▶ These trip routes have been carefully planned and pre-approved by the Director and Regional Manager
- ▶ All parents will indicate on a permission form whether sunscreen should be applied before a walk. The center does provide Coppertone Waterbabies sunscreen onsite.
